

'02-'05 Dodge Ram 1500

6" System For The New Dodge Ram 1500 Dodge may have 're-designed' the Ram, but Skyjacker® has developed a Refined Revolution of Suspension Technology that reaches new heights of performance and durability. To measure up to the toughness and work hard, play harder capacity, this extremely dynamic suspension system is ready for a hearty dose of your favorite pastime.

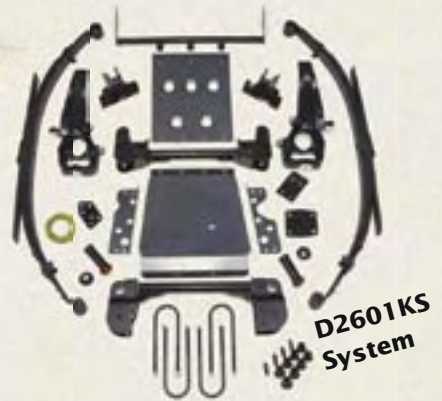

As Seen On **TRUCKS!**

Skyjacker® Delivers The structurally solid, precision-engineered CNC machined steering knuckles in this package even exceed the OE specs. Our design and additional bracketry allows the rack-and-pinion steering to be left in OE position for precise steering response. The rack & pinion is also protected by sturdy crossmembers that link together an integrated 2-piece 4-point skid plate. The included Skyjacker® exclusive Patent Pending 'Re-Indexing Ring' and Seal Adapter also mean there is no replacement or modification to the front drive shaft in most cases with this unit. Available in either a Kit form with a Rear Block and U-Bolt or in a System with Replacement Full-Height Softride® Rear Springs, all of these elements combine to achieve a full 6 inches of lift... and help soften those bumpy terrains.

KEY FEATURES

- Rack-and Pinion Steering Assembly Left in OE Position
- Patent Pending Re-Indexing Ring & Seal Adapter to Re-Clock the Transfer Case
- No Replacement or Modifications needed for Drive Shaft in Most Cases
- CNC Machined Steering Knuckles
- Sturdy Integrated 2-Piece 4-Point Skid Plate
- Bracketry for the Front Upper Differential Mounts
- 3 Heavy-Duty Crossmembers - 2 for the Lower Control Arms and one for the front skid plate
- Torsion Bar Crossmember Bracketry

Options & Accessories

Steering Stabilizers

Skyjacker® offers steering stabilizers for virtually every 4x4. These stabilizers are available in Heavy-Duty replacement, single and dual kits.

Skyjacker® Shock Options

Skyjacker offers three different shocks options for you to choose from. Choose your performance level: Hydro, Nitro or Platinum Biggas Series

Lateral Strut Bars

An available Class II option for the Dodge Ram 1500, the lateral strut bars provide additional support for the rear lower crossmember.

'94-'01 Dodge Ram 1500

2", 3" and 5" Dodge Kits & Systems Skyjacker® has created the most versatile line of Kits and Systems for the '94-'01 Dodge® trucks. These options include such choices as Standard, Single Flex or Double Flex links, Kit or System and Class I or Class II options.

Kit, System... What's The Difference? With all these choices, you can see that Skyjacker's '94-'01 Dodge truck selection is very in-depth. Skyjacker® not only offers choices like Class I and Class II, but also Kit and System choices. The Kit form features rear add-a-leaves whereas, the System form comes with rear Softride® leaf springs.

Class I, Class II... What's The Difference?

For example, the Dodge **Class I 3"** Kit includes coil springs, lower control arms and bump stops. The same kit in **Class II** form includes coil springs, upper and lower control arms and bump stops, plus front dual shock bracketry and lower link skid plates.

Options & Accessories

Platinum Series Coil-Overs

The ultimate accessory. Platinum Series Coil-Overs are designed to perform and we are sure you will be pleased with their off-road performance. Available for '94-'01 Dodge 1/2 Ton - 3, 5 & 7 inch lifts and '94-'02 3/4 Ton - 4.5 & 7 inch lifts.

Dual Shock Brackets

Improve the performance both on and off-road with the Dual Front Shock assembly. The kit is designed as an easy bolt-on and allows for installation of an additional shock on each side.

Included in Class II Kits and Systems

Adjustable Track Bar (4-7" Lifts Only)

The Adjustable Track Bar replaces the O.E.M. track bar and comes with a new Heavy-Duty bracket. Track bar assembly is adjustable at two points and features Heavy-Duty 3/4" spherical rod end.

'03-'05 Dodge Ram 2500 & 3500

Skyjacker® Lives Up To Its Reputation in the Dodge Market The new 5" suspension lift for the '03-'05 Dodge 2500 and 3500 4x4 includes all the same features as the earlier models. New full-height Softride® front coil springs, greaseable upper and lower control arms, relocation brackets for the upper arms, pitman arm, bump stops and all necessary hardware. 2.5" Lift also Available.

KEY FEATURES

- Softride® Variable Rate Front Coil Springs
- Longer Control Arms with Upper Arm Relocation Brackets.
- Available with Softride® Rear Leaf Springs

BENEFITS

- Improved Ride Quality
- Retains OEM Alignment Specifications
- Increased Wheel Travel

This 'Bolt-On' kit requires No Welding and allows 37 inch tire clearance with no modifications. This setup is available in Kit design with rear add-a-leafs or System design with new Softride® rear leaf springs.

pg.150

Skyjacker® Shock Options

Skyjacker offers three different shocks options for you to choose from. Choose your performance level: Hydro, Nitro or Platinum Biggas Series

pg.159

Dual Shock Brackets

Improve the performance both on and off-road with the Dual Front Shock assembly. The kit is designed as an easy bolt-on and allows for installation of an additional shock on each side.

'94-'02 Dodge Ram 2500

2", 2.5" and 4.5" Dodge Kits & Systems Skyjacker® offers the best variety of lift options for the '94-'02 4WD Dodge trucks. Our selection includes Standard, Single Flex and Double Flex links in both Class I and Class II Kits or Systems.

4.5" D4512k Class I Kit

4.5" D4512KS Class I System

Class I, Class II... What's The Difference? For example, the Dodge Class I 2.5" Kit includes coil springs, lower control arms and bump stops. The same kit in Class II form includes coil springs, upper and lower control arms and bump stops, plus front dual shock bracketry and lower link skid plates.

2.5" D2512K Class I Kit

2.5" D2511KS Class I System

2" D251PK Poly Value Kit

Kit, System... What's The Difference? Skyjacker® not only offers choices like Class I and Class II, but also Kit and System choices. The Kit form features rear add-a-leaves whereas, the System form comes with rear Softride® leaf springs. With all these choices, you can see that Skyjacker's '94-'02 Dodge truck selection is very in-depth.

Options & Accessories

Platinum Series Coil-Overs

The ultimate accessory. Platinum Series Coil-Overs are designed to perform and we are sure you will be pleased with their off-road performance. Available for '94-'02 Dodge 1/2 Ton - 3, 5 & 7 inch lifts and '94-'02 3/4 Ton - 4.5 & 7 inch lifts.

App. Section

Re-Indexing Ring and Seal Adapter

Exclusive to Skyjacker®, the Patent Pending Re-indexing Ring and Seal Adapter reduce the need to replace or modify the front drive shaft.

pg.187

Dual Shock Brackets

Improve the performance both on and off-road with the Dual Front Shock assembly. The kit is designed as an easy bolt-on and allows for installation of an additional shock on each side.

pg.159

Included in Class II Kits and Systems

'94-'01 Dodge 1/2, 3/4 & 1 Ton

7" System Skyjacker® has gone to great lengths to give you a Long Arm Lift System for the 1994-01 Dodge 1/2, 3/4 & 1 Tons. This 'Bolt-On' kit requires No Welding and clears 38s with no other modifications necessary. The Flex Series Long Arm design maintains proper geometry through the travel cycle.

KEY FEATURES

- Heavy-Duty crossmember strengthens the support brackets for the lower arm attaching point and allows transfer case & rear drive shaft clearance.
- Re-indexing ring (patent pending) rotates the transfer case down for proper front drive shaft angle.
- New track bar with polyurethane bushings at the frame end with a Teflon®/Kevlar® self lubricating & self sealing rod end at the axle mount.
- Replacement adjustable track bar relocation bracket includes an eccentric alignment bushing to fine tune the exact angle you need for your truck.
- Option of coil springs & Softride® front dual shocks or the ultimate in performance... The Platinum Series Coil Over Conversion.
- Whether a Diesel, V8 or V10, 1/2, 3/4 or 1 ton, You get a full 7 inches of lift.

D752KS-DX System Shocks Sold Separately

FLEX
SERIES
BY SKYJACKER®

7" Platinum Coil Over System Option is the top of the line Skyjacker® suspension for the '94 - '02 Dodge. Made for the extreme off-road experience, the 7" Platinum Series System utilizes all the key features of the 7" Double Flex with the added stability and performance of the Platinum Series Coil-Overs. This extremely complete package brings together some of the most durable and reliable components Skyjacker® has ever designed for the rough and tough Dodge truck.

Options & Accessories

Re-Indexing Ring & Seal Adapter

Exclusive to Skyjacker®, the Patent Pending Re-indexing Ring and Seal Adapter reduce the need to replace or modify the front drive shaft.

Adjustable Track Bar

The Adjustable Track Bar replaces the O.E.M. track bar and comes with a new heavy-duty bracket. Track bar assembly is adjustable at two points and features a durable 3/4" spherical rod end.

Platinum Series Coil-Overs

The ultimate accessory. Platinum Series Coil-Overs are designed to perform and we are sure you will be pleased with their off-road performance. Available for '94-'01 Dodge 1/2 Ton - 3, 5 & 7 inch lifts and '94-'02 3/4 Ton - 2.5, 4.5 & 7 inch lifts.

App. Section

'61-'93 Dodge 1/2, 3/4 & 1 Ton

Add Some Lift Under Your Sure Footed Ram Pick-up Skyjacker® produces 2", 4", 6" and 8" lift Kits and Systems for the '61 - '93 Dodge Ram Pick-up, Ramcharger and Trailduster. Much of the lift in these great kits and systems is achieved by using Softride® springs. Utilize Skyjacker's Softride® Technology in your early Dodge for a level of performance you deserve.

KEY FEATURES

- Polyurethane spring eye bushings
- E-coated U-bolts to resist corrosion
- Self locking nylon lock nuts

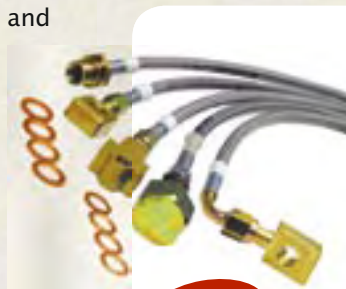

Softride® Dodge Values Softride® technology innovation produces the highest quality of leaf spring the industry has ever known. With the unique Softride® technology you can take your classic ride to a new level of performance and value while reaping the benefits of a 'Softride®'. These leaf springs are available in a variety of front and rear lift heights. Skyjacker® offers heights from .5" to 6". This allows you to set your vehicle to the exact stance you desire. These optional heights also includes those outfitted with the Cummins Diesel.

Options & Accessories

Stainless Steel Braided Brake Lines

Our brake lines are braided from high quality stainless steel with heavy-duty fittings designed to match your vehicle. They also feature an outer extruded polyurethane coating to keep them from chaffing. They don't just meet the specifications, they are the specification.

pg.167

Steering Stabilizers

Skyjacker® offers steering stabilizers for virtually every 4x4. These stabilizers are available in Heavy-Duty replacement, single, dual and triple kits.

pg.163

Skyjacker® Steering Components

Skyjacker® knows the importance of steering correction after lifting a vehicle. From drag links to a variety of steering arms and blocks, Skyjacker® has the steering components to steer you straight.
